

CARNEVINO STEAKHOUSE HONG KONG

Cabinetry and Cladding
Central, Hong Kong Island, Hong Kong

DS-1

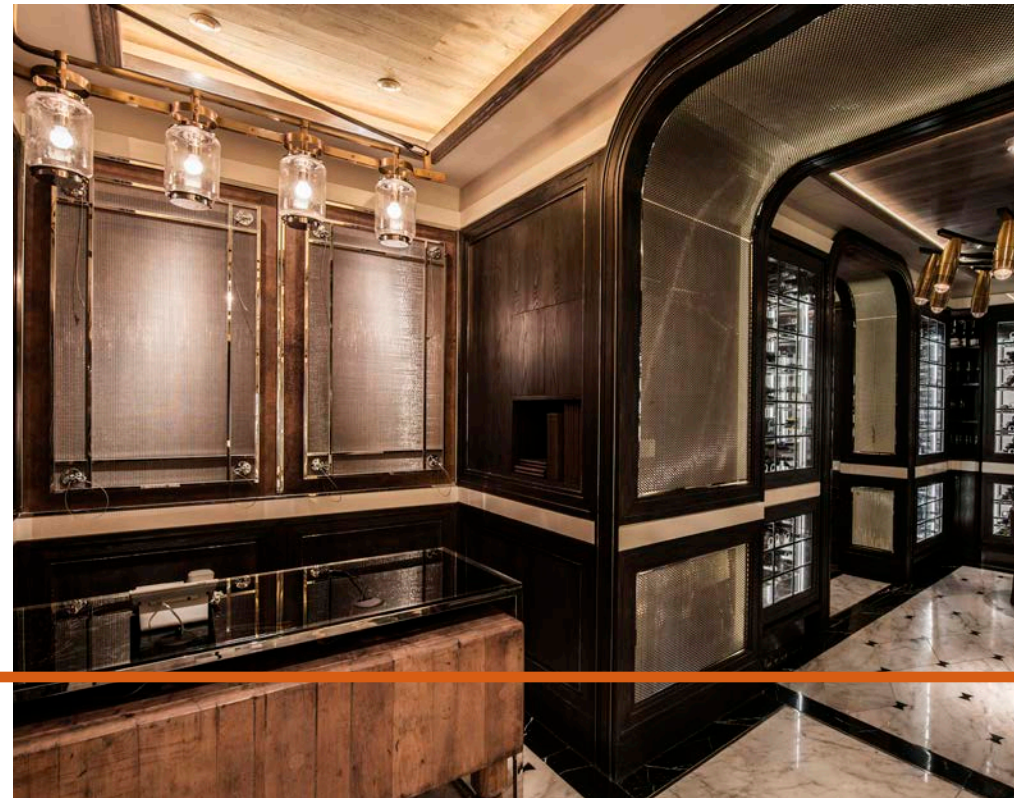

IPZ-25

SZ-4

"We chose Banker Wire mesh due to its quality and reputation as a leading manufacturer of unique materials," says Cliff Lin, Senior Designer at New York-based architectural firm AvroKO, which oversaw the Carnevino Steakhouse. "The wire mesh we used helped breathe life into the décor and brought the overall palette together in a truly rich manner."
