

PLANET GRANITE

Application Description
City (If Available), State (Spelled Out) USA

I-188

With 25,000 square feet of climbing wall, Planet Granite - San Francisco is a great place to work out. Planet Granite looks out over San Francisco Bay at the Presidio, near the Golden Gate Bridge. The intercrimp wire mesh pattern of I-188 works as an all around cost effective railing infill material.
