

PRIVATE RESIDENCE, BRITISH COLUMBIA

Exterior Railing
British Columbia, Canada

L-62

Banker Wire stainless steel L-62 woven wire mesh creates an elegant pool fence for this Canadian Pacific coastal residence. The highly defined intersections of Banker Wire lock crimp is unique among other weavers and has always been a favorite for railing infill panels as well as fence material. The lock crimp weave style is highly versatile with wire diameter, spacing, and alloy all design characteristics that can be changed to suit the project.
