

QUANSOO WOODS

Pool Fence
Martha's Vineyard, Massachusetts USA

L-81

A simple and elegant Lock crimp weave creates the consistency in this beautiful darkened bronze wire mesh pool fence while providing function by satisfying code. The bright bronze wire and posts have been chemically darkened to provide the aged look so desired for an exterior bronze application.

L-81 is a medium duty Lock Crimp wire mesh and can be woven in any alloy wire. The high percent open area and woven strength makes this a perfect mesh specification for all fence styles. Banker Wire mesh can add style to any landscape architecture project. Woven wire mesh can be woven in a large range of alloys to make any mesh suitable for exterior environmental elements.
